

Beyond Fishing Insurance

We offer insurance coverage not only to fishermen but also to owners of various marine-related businesses. Our services extend to marine construction, ferry operators, charter fishing boats, tug and barge businesses, and more.

Let us assist you in protecting your business.

Proudly supporting FKCFA & Keys Fishermen since 2004

Keys Fishermen are some of the toughest fishermen in the industry. Throughout hurricanes, fluctuations in the lobster and stone crab seasons, and the ebb and flow of the economy, they always endure. But wouldn't it be nice to not worry about financial catastrophe if it strikes?

The Raby Family has provided insurance to commercial fishermen in Florida and the Southeast since 1966. We provide comprehensive policies to protect your assets while working on the water.

We offer:

- *Hull & Machinery Coverage*
- *Protection & Indemnity (Liability) Coverage*
- *Marine General Liability Coverage*
- *Equipment Coverage (Hand Tools, Forklifts, Compressors, etc.)*
